

Announcement

June 20, 2016

Cindy Sherba has accepted the position for Director of Patient Care, Unity Center and will start on August 1.

Cindy has 30 years of acute care behavioral health experience, and 27 years of hospital management experience. Cindy has a BSN, a certificate in Health Care Leadership, and is enrolled to start a masters in Leadership and Education in Nursing at Northwest Nazarene University this fall. She accumulates 20 years leading acute care mental health in Oregon and has had an active voice in the MH system development both county and statewide. Cindy has worked in the development of several parts of Oregon's behavioral health care regulation. Cindy brings a strong background in interdisciplinary academic education at OHSU and provides a comprehensive understanding of the role of psychiatric services for patients suffering from a mental health crisis. Cindy has been a leader in creating the Unity vision and developing the project since December 2013. Cindy supports a compassionate and innovative care model for psychiatry.
